

**PHOTO STORY OF THE FACILITATED LEARNING VISIT IN EAST AND SOUTHERN AFRICA, KAMPALA
UGANDA**

22nd to 26th June, 2014

UNHCO Executive Director, Robinah Kaitiritimba making her opening remarks at the beginning of the learning visit. The introductory workshop conducted at the beginning was to develop common conceptual frame work on social accountability, community monitoring and advocacy

The learning visit was highly participatory; Above Calvin Fambirai from Zimbabwe providing social accountability and community monitoring perspective from Zimbabwe and Franciscah Chepkosgei from the Kenyan perspective.

UNHCO Executive Director; Robinah Kaitiritimba conducting a presentation on community advocacy during the learning visit

Participants interacting with UNHCO Executive Director; Robinah Kaitiritimba in her office during the courtesy visit at UNHCO

Learning-visit participants interacting with UNHCO community resource persons during the preparatory meeting before application of the score card at Bukeri Health Centre Three in Masaka district

One of the UNHCO community resource persons taking community members through the CSC process

*Youth group conducting health service delivery assessment from the perspective of the youth.
Standing onset in is Napisa Martin from National Tax Payers Association-Kenya.*

The men's group conducting assessment from the men's perspective, standing right is Masimba from Zimbabwe National Network of PLHIV.

The women's group conducting assessment from the women's perspective

Input tracking process at the health centre. Learning-visit participants Munkombwe Barzlar from Zambia, Calvin Fambirai and Josepher Muguse from Zimbabwe interacting with one of the health workers during input tracking and self assessment.

Above in the pictures is the presentation and scores by the men's group

Presentation of input tracking and self assessment by health workers

Preparation for interface; the groups holding their score before the interface; though the score scorecard, different group make their own scores and own them.

Vote of thanks to the community by Napisa Martin from Kenya on behalf of other participants. Martin noted that the group learnt from the facilitators and the community. He also observed that the community was empowered to demand accountability and he looked forward to applying some of the approaches in their context.

Photo opportunity at the Equator after the field visit en-route return to Kampala.
